

# Humans for Humanity Coalition

We believe in the ethical treatment of human beings and in the abolition of human exploitation.

1<sup>st</sup> Annual

## Health & Human Rights Summit

### Karen Kain

2020 Gala Speaker

*"I hope this book helps you to surrender your attachment to any expectation of what you thought your parenting experience was going to be and encourages you to surrender to what it is and ENJOY! There is enormous power behind just accepting your child as the way they are. When you do this as a parent the entire dynamics change, and that is a promise!"*
